

## Table of Contents

1. Summary and Highlights .....	1	5. Printing Equipment Installed .....	35
2. What are Digital Production Color Printers, and Who Makes Them? .....	7	Total Inventory .....	35
Canon .....	7	Total Inventory of Equipment Used by In-Plants .....	36
Heidelberg .....	7	Total Inventory of Equipment Used in Centralized Computer Printing .....	38
Hewlett-Packard .....	7	Total Inventory of Equipment Used in Marketing Departments .....	40
IBM .....	7	Inventory within Department .....	40
Indigo .....	7	In-Plant .....	42
Océ .....	7	Computer Print .....	44
Scitex Digital Imaging .....	10	Marketing .....	46
Xeikon .....	10	Primary Printer Inventory .....	47
Xerox .....	10	6. Document Descriptions .....	49
3. Methodology and Demographics .....	11	Work Mix and Target Applications .....	49
Methodology .....	11	In-Plant .....	49
Avoid Graphic Arts .....	11	Computer Print .....	53
Marketing Perspective .....	11	Marketing .....	54
Sampling .....	11	Target Applications .....	55
Multiple Contacts .....	12	Print Job Specifications .....	58
Questionnaires .....	12	New Medium Requires Special Handling .....	59
Additional Experts .....	12	Finishing Means Binding to Many .....	60
Demographics .....	12	Final Assembly .....	60
4. Environment Descriptions .....	21	Finishing Contributes to Quality .....	62
Reporting Structures in Transition .....	21	Changes in Production Process and Document Characteristics .....	62
Many Operate Both .....	22	7. Print Volumes and Sources of Growth .....	65
Different Work Characteristics .....	22	Pages and Impressions .....	65
Contracting for Computer Print Common .....	23	Sources of Growth .....	68
In-Plant Aligned with Administration .....	23	Screen-view as a By-product (sidebar) .....	71
Computer Print with IT, of Course .....	24	Focus on a Single Printer .....	72
Sales Leverage Across Functions .....	24	Allocate or Bill Back? (sidebar) .....	74
Technology Convergence may not Cause Organizational Change .....	24	Cost of Printing .....	74
Production Print in IT, On-Demand in Print Shop (sidebar) .....	25	8. Business Dynamics .....	77
Data Center Printing .....	26	Access to Color and Production Color .....	77
Easier to Outsource .....	26	Use of Centralized Facilities by Marketing .....	77
The Burden of Legacy Systems .....	26	Use of In-Plant Facilities by Marketing .....	78
Modern Tools Help Legacy Problems (sidebar) .....	27	Examples of Color Gate-keepers .....	78
Do Leaders Care More About IT? .....	27	E-procurement: Beyond Business Cards .....	80
In-Plants: Always Threatened .....	28	E-procuring Printed Products .....	81
How High the Walls? .....	29	The Benefits of Dealing with a Real Person .....	82
MFPs? A Kind of Copier? .....	29	Pro: Using Noosh and Ariba to Track and Encourage (sidebar) .....	84
Consolidating Functions .....	30	Con: Show Me the Dollars (sidebar) .....	84
Mergers and Acquisitions .....	30	Alternatives to Print .....	85
Silos .....	30	Internet is a Publishing Medium .....	85
The Role of Purchasing .....	31	Burning CDs—Instead of Print or In Addition to Print .....	85
Extending Purchasing: Expertise and Influence (sidebar) .....	31		
Production Digital Color as a Substitute for Commercial Printing .....	32		

8. Business Dynamics (continued)		11. Printing: Make or Buy? .....	109
Pick the Way You Want to		Trends that Affect Make-or-Buy .....	109
Use the Information (sidebar) .....	86	Can't Do it Inside? Go Out. ....	110
TV and Radio .....	86	Managing Behavior .....	110
Industry Notes .....	87	Why an In-Plant was not	
Finance and Insurance .....	87	Absorbed by IT (sidebar) .....	112
Manufacturing .....	87	Selling In-house .....	113
Government .....	87	Contracts Set up by Purchasing .....	113
Distribution .....	88	Few Expect Use to Increase .....	114
Education .....	88	Use of Short-Run Printing by Marketing .....	114
Utilities .....	88	12. Industry Trends .....	117
9. Color Adoption/Document Decisions .....	89	Anticipating Competitive Activity .....	117
Adoption: Sources of Resistance .....	89	Xerox vs. HP .....	117
Cost .....	89	Canon .....	118
No Need .....	89	Océ .....	118
Speed .....	90	Product Development and	
Print Quality .....	90	Technology Advances .....	117
Finding a Sponsor .....	90	13. Near-term Outlook .....	119
Ease-of-use .....	90	Prospects for Equipment Sales .....	119
Adoption: Changes in User Requirements .....	90	Prospects for Sale of Services .....	122
Color on the Screen .....	90	Decomposition .....	122
Support Sales .....	90	CRM or 1:1 Program	
Observing Others in the Company .....	91	Design/Implementation .....	122
Who is Driving the Decision? .....	91	Overlays to Legacy .....	122
Replace Slow Machines with Fast Ones .....	92	E-Procurement System .....	122
Motives for Document Decisions .....	92	Shoveling Documents .....	122
First, the Profit Motive .....	92	Financial Analysis .....	122
How Close to the Mission? .....	92	14. Tactics for Participation .....	123
Documents in a Support Role .....	93	Technology Developments Needed .....	123
Capacity and Economics .....	93	Reduce Printing Cost .....	123
Other Decision Motives .....	93	Strive for Offset Quality .....	123
Response to Technology .....	93	Web and Network-based Printers .....	123
Response to Business Conditions .....	93	Approaching the Market through	
Mandated Pursuit of		Partnerships and Alliances .....	123
(or flight from) Technology .....	93	Complicated Infrastructure Updates .....	123
10. Document Trends .....	95	Partners Add Needed Functionality .....	123
1:1 Marketing .....	95	Identify and Communicate	
Not Just a Direct Mail Tactic .....	96	with Influencers .....	123
High Interest Among Non-users .....	97	Sales Tactics: Manage Customer Concerns .....	124
Silos and 1:1 (sidebar) .....	99	Don't Oversell 1:1 Marketing .....	124
Print-on-Demand .....	100	Help Develop Realistic Appraisals	
Print on Demand, but		of Volume Growth .....	124
Print a Few Extra (sidebar) .....	102	Help the Customer Sell In-house .....	124
Distribute-then-Print .....	102	Other Sales Tactics .....	124
Changes in Print and Copying Practices .....	106	Appendix: Computer Print Center	
Adding Color to the Monochrome Workflow ...	108	and Marketing Questionnaires .....	125

## List of Figures

### Chapter 1: Summary and Highlights

1-1	Increase in Market Penetration—Production Color (25+ ppm) .....	2
1-2	Four-color Work Migrating from Offset to Digital Color Printers, by Environment .....	2

### Chapter 2: What are Digital Production Color Printers, and Who Makes Them?

2-1	Production Color Printers Available Today .....	8
-----	-------------------------------------------------	---

### Chapter 3: Methodology and Demographics

3-1	Research Interviews by Industry, All Contacts .....	12
3-2	Size of Company .....	12
	Size of Company, by Environment (detail) .....	13
3-3	Fortune 1000 Rank .....	13
3-4	Size of Location .....	14
	Size of Location, by Environment (detail) .....	14
3-5	Workgroup Size, by Environment .....	15
3-6	Industries Represented by Respondents .....	15
3-7	Title of Respondent, by Environment .....	16
3-8	Workgroup Name, by Environment .....	17
3-9	Involvement in Acquiring Presses, Copiers, and Duplicators—In-Plant & Computer Print .....	18
3-10	Involvement in Acquiring Computer Printers—In-Plant & Computer Print .....	18
3-11	Involvement in Acquiring Outside Printing Services, by Environment .....	19

### Chapter 4: Environment Descriptions

4-1	Presence of In-Plant at Company, by Environment .....	22
4-2	Presence of Computer Print at Company, by Environment .....	22
4-3	Availability of In-house Production Resources to Marketing Respondents .....	23
4-4	Reporting Relationships—In-Plant and Office Copier Group .....	23
4-5	Reporting Relationships—Computer Print and Office Computer/Network Group .....	24
4-6	Changes to Reporting Relationships, by Environment .....	26
4-7	Changes to Reporting Relationships .....	27
4-8	MFP Advisors .....	29
4-9	Four-color Work Migrating from Offset to Digital Color Printers, by Environment .....	32
4-10	Four-color Offset Jobs Migrating to Digital Color Printers .....	33

### Chapter 5: Printing Equipment Installed

5-1	Availability of Production Color at Company by Industry .....	35
5-2	Total In-Plant Inventory by Product Class .....	36
	In-Plant: Production Color (25+ ppm) Total Inventory (detail) .....	36
	In-Plant: Non-Production Color (1-24 ppm) Total Inventory (detail) .....	36
	In-Plant: High-Speed Monochrome (25+ ppm) Total Inventory (detail) .....	37
	In-Plant: Other Digital Total Inventory (detail) .....	37
	In-Plant: Offset Total Inventory (detail) .....	37
5-3	Total Computer Print Inventory by Product Class .....	38
	Computer Print: Production Color (25+ ppm) Total Inventory (detail) .....	38
	Computer Print: Non-Production Color (1-24 ppm) Total Inventory (detail) .....	38
	Computer Print: High-Speed Monochrome (25+ ppm) Total Inventory (detail) .....	39
	Computer Print: Other Digital Total Inventory (detail) .....	39
5-4	Total Marketing Inventory by Product Class .....	40
	Marketing: Production Color (25+ ppm) Total Inventory (detail) .....	40
	Marketing: Non-Production Color (1-24 ppm) Total Inventory (detail) .....	40
	Marketing: Other Digital Total Inventory (detail) .....	41
	Marketing: Monochrome Desktop Laser Total Inventory (detail) .....	41
5-5	Production Color Operated Under the Auspices of the Marketing Department .....	41
5-6	In-Plant Department Inventory .....	42

	In-Plant: Production Color (25+ ppm) Department Inventory (detail) .....	42
	In-Plant: Non-Production Color (1-24 ppm) Department Inventory (detail) .....	42
	In-Plant: High-Speed Monochrome (25+ ppm) Department Inventory (detail) .....	43
	In-Plant: Other Digital Department Inventory (detail) .....	43
	In-Plant: Offset Department Inventory (detail) .....	43
5-7	Computer Print Department Inventory .....	43
	Computer Print: Production Color (25+ ppm) Department Inventory (detail) .....	44
	Computer Print: Non-Production Color (1-24 ppm) Department Inventory (detail) .....	44
	Computer Print: High-Speed Monochrome (25+ ppm) Department Inventory (detail) .....	44
	Computer Print: Other Digital Department Inventory (detail) .....	45
5-8	Marketing Department Inventory .....	46
	Marketing: Production Color (25+ ppm) Department Inventory (detail) .....	46
	Marketing: Non-Production Color (1-24 ppm) Department Inventory (detail) .....	46
	Marketing: Other Digital Department Inventory (detail) .....	46
	Marketing: Monochrome Desktop Laser Department Inventory (detail) .....	46
5-9	Brand Share in Department .....	47
5-10	Product Class of Primary Printer by Environment .....	48

## Chapter 6: Document Descriptions

6-1	Work Mix by Product Class—In-Plant .....	50
6-2	Printers for which a Work Mix was Provided .....	51
6-3	Work Mix by Product Class—Computer Print .....	53
6-4	Work Mix by Product Class—Marketing .....	54
6-5	Annual Print Volume of Target Application by Product Class .....	55
	Annual Print Volume of Target Application, by Product Class (detail) .....	55
6-6	Production Color (25+ ppm) Printers Used to Print Target Application .....	56
6-7	Share of Annual Volume: Production Color (25+ ppm) Printers Used to Print Target Application .....	56
6-8	Annual Volume of Target Application by Environment .....	57
6-9	Annual Print Volume of Target application—Production Color (25+ ppm) .....	57
6-10	Job Specification Summaries .....	58
6-11	Attributes of “Special” Paper .....	58
6-12	Papers Used to Obtain Attributes .....	58
6-13	Finishing Steps on Target Application, by Environment .....	60
6-14	Finishing Steps on Target Application by Product Class .....	61
6-15	Finishing Activities by Application .....	61
6-16	Changes in Production Process .....	63
6-17	Changes in Print Job Characteristics .....	64

## Chapter 7: Print Volumes and Sources of Growth

7-1	Annual Volume for Facility—Pages (million) .....	65
7-2	Annual Volume for Facility—Impressions (million) .....	65
7-3	Page Volume Growth, 1999 - 2003 (million) .....	66
7-4	Changes in Annual Print Volume, 2001 vs. 1999 .....	66
7-5	Changes Expected in Annual Print Volume, 2003 vs. 2001 .....	67
7-6	Impression Volume Growth, 1999 - 2003 (million) .....	67
7-7	Factors Influencing Print Volume Increases .....	68
7-8	Factors Influencing Print Volume Decreases .....	69
7-9	In-plant Use of Technology—Copy, Digital, and Offset, 2000 - 2002 (millions of impressions) .....	70
7-10	In-plant Offset, 2000 - 2002 (millions of impressions) .....	70
7-11	Brand Share of Annual Volume on Primary Printer .....	72
7-12	Brand and Model Share of Annual Volume on Primary Printer .....	73
7-13	Per-page Printing Costs .....	75
7-14	Billing Methods .....	75

**Chapter 8: Business Dynamics**

8-1	Marketing's Reliance on In-Plant .....	79
8-2	Presence of an E-Procurement System, by Environment .....	80
8-3	Availability of Printed Materials Through E-procurement System, by Environment .....	81
8-4	Printed Materials Available on E-procurement System .....	82
8-5	Portal Access to Third Parties on E-procurement System, by Environment .....	83
	Third-Party E-procurement (detail) .....	83
8-6	Non-print Publishing Methods, by Environment .....	85
8-7	Other Alternatives to Print .....	86

**Chapter 9: Color Adoption/Document Decisions**

9-1	Barriers to Adoption of Color, 1998 vs. 2001 .....	89
9-2	New Color Printing Applications Prompting New Equipment .....	91

**Chapter 10: Document Trends**

10-1	Company's Use of 1:1 Marketing .....	95
10-2	One-to-One Document Types .....	96
10-3	Extension of 1:1 Marketing Program .....	97
10-4	Investigating the Use of 1:1 Marketing .....	97
10-5	Status of Investigations into 1:1 Marketing .....	98
10-6	Barriers to 1:1 Marketing .....	98
10-7	Company's Use of Print-on-Demand .....	100
10-8	Print-on-Demand Document Types .....	101
10-9	Benefits of Print-on-Demand .....	101
10-10	Extension of Print-on-Demand Program .....	101
10-11	Print-on-Demand Investigations/Barriers .....	101
10-12	Company's Use of Distribute-then-Print .....	103
10-13	Distribute-then-Print Document Types .....	103
10-14	Benefits of Distribute-then-Print .....	104
10-15	Extension of Distribute-then-Print .....	105
10-16	Distribute-then-Print Investigations/Barriers .....	105
10-17	Changes to Printing & Copying Practices During the Past Two Years .....	107
10-18	Expected Changes to Printing & Copying Practices in the Next Two Years .....	107
10-19	Potential of Profiled Monochrome Print Job to Migrate to Color Machines .....	108
10-20	Potential Color Print Jobs in the Monochrome Work Mix .....	108

**Chapter 11: Printing: Make or Buy?**

11-1	Company's Use of Local Quick Printers or Copy Shops, by Environment .....	110
11-2	Company's Use of Local Quick Printers or Copy Shops, by Presence of In-Plant .....	110
11-3	Circumstances Where Local Quick Printers or Copy Shops are Used .....	111
11-4	Quick Printer/Copy Shop Usage Trend, by Environment .....	114
11-5	Factors that Prompt Increase in Use of Outside Quick Print or Copy Services .....	115
11-6	Factors that Prompt Decrease in Use of Outside Quick Print or Copy Services .....	115
11-7	Use of Outside Services for Digital Short-Run Printing .....	115

**Chapter 13: Near-term Outlook**

13-1	Plans to Acquire Color Printers in the Next Two Years, by Environment .....	119
13-2	Expected Production Color Printers (25+ ppm)—Brand Share .....	119
13-3	Brands and Models Under Consideration .....	120
13-4	Plans to Acquire Color Printers in the Next Two Years, by Presence of Production Color .....	121
13-5	Product Class to Acquire, by Presence of Production Color .....	121
13-6	Increase in Market Penetration—Production Color (25+ ppm) .....	121
